Heineman Merc. Co.

Robert Marshall, who has been at Port Edwards superintending the millwright work on the new sulphite plant, leaves today for his home in New Hampshire.

Mr. and Mrs. A. L. Arpio, who have spent the past winter in Porto Rico, where Mr. Arpio has business interests, returned to this city on Monday.

O. F. Kellogg has been getting along nicely the last few days and there are hopes of soon seeing him about again.

Ball Game Sunday.

The game Sunday between the Tigers and Nationals showed the lads are "up on their toes" and "playing every minute." The game was fast from the start and considering the time of the year and the weather was little short of remarkable. The Nationals showed themselves equal to the Tigers in every part of the game and are showing "great form," Kneller having a shade the best of Fahrner.

Following is the score in detail:

	AB	R	H	SH	SB	BB	E
Tigers	4	1	0	0	0	1	0
Baudlin lb	4	2	1	0	1	1	0
McConnell c	4	0	0	0	0	0	0
White Wing 2b	4	0	0	0	0	0	0
Kneller p	4	0	0	0	0	0	0
Dolin 3b	4	0	0	0	0	0	0
Weekler ss	4	0	1	0	0	0	0
Martinson lf	4	0	0	0	0	0	0
Earley rf	4	1	0	0	0	0	0
Brohan c	3	0	0	0	0	0	0
Nationals							
Odegar c	4	0	0	0	0	0	1
Fahrner p	4	0	0	0	0	0	0
Voyer lb	4	1	2	0	0	0	1
Star 2b	4	0	0	0	0	0	1
Chesley ss	4	1	0	0	0	0	1
Smith 3b	4	0	1	0	0	0	2
Fahrner lf	4	0	0	0	0	0	0
Brownen rf	3	0	0	0	0	0	0

Struck out by Kneller 7 by Fahrner 4.							
Time of game 1—50.							
Umpire—McConnell.							
Bases on balls off Fahrner 4 off Kneller 3							
Tigers	0	0	0	0	2	1	0—4
Nationals	0	0	0	1	0	1	0—2

Gymnasium Entertainment. The entertainment given at the Lincoln high school on Friday evening was a most entertaining one. The boys were very well pleased with the time spent.

There were drills of different kinds by the girls, all of which showed a great deal of careful and conscientious training, while the boys performed athletic feats on the horizontal bar, trapeze and rings. There was a large crowd in attendance and most of those who expressed themselves as being greatly surprised at the work done, not expecting anything so elaborate. The beauty of this part of the work is that the scholars all like it, and enter into the spirit of the thing with an enthusiasm that makes it a pleasure to see them. The gymnasium certainly adds a great deal to the relaxation from ordinary school work and is greatly appreciated by the scholars.

Catches are Small.

Most of the trout fishermen report that there seems to be very few trout in the streams in this locality, and the catches that have been made since the season opened are very small compared with what was done last season. A party consisting of Sam Church, Will Carey, Garry Mason and L. M. Nash that went to Wild Rose the first day caught 127, which was the largest of anybody in this neighborhood.

Parties have visited Chester Creek, Seven Mile, Wakely and Harvey creeks, and the catches have been very small, there seeming to be very few fish in the streams.

End Season's Work. The Ladies Historical and Literary Society held the last meeting for the season last Tuesday evening at the home of Mrs. A. M. Moir. The following officers were elected for the ensuing year:

President—Mrs. O. T. Hougan
Vice Pres.—Mrs. A. M. Moir.
Sec. and Treas.—Mrs. George Corriveau.

Fined Fifty Dollars. Roy Stringer, who was charged with jumping a board bill at the Riverside house, had his trial before Justice Brown on Thursday. There was a jury and after hearing all the evidence in the case, they decided that the defendant was guilty. The fine and costs amounted to an even fifty dollars. The case has been appealed to the circuit court.

A Green Town. The village of Brokaw is owned by the Wausau Paper Mills Co. Among other things it contains 52 residences. The company has just let a contract for the painting of every house in the village green with white trimmings. The only buildings in the village of a different color will be the club house, the church and the mills. What a field of civic improvement!

Fire at the Dixon House. Fire was discovered in the roof of the kitchen of the Dixon house about 10:30 o'clock Monday morning and an alarm turned in. The flames had gained very little headway when the department arrived, and were soon extinguished. The damage was nominal.

ADVERTISED LETTERS. Ladies. Anderson; Alma; Davis, Mrs. B.; Fischer, Mrs. George; Schultz, Mrs. Anna; Johnson; Beard, O. E.; Rorjake, Theo.; Ellis, H. T.; Francis, M. J.; Guilford, Jas. C. (2); Manson & Campbell; Walker, W. W.

Dance at Possley's. John Possley will give a dance at his place on Wednesday evening, May 15, to which the public is cordially invited.

Entertain their Friends. The Knights of King Arthur invited their friends to a social evening at their hall last evening. There was a large number present and a very pleasant time was the result.

Arbor Day Friday. Friday, May 10th, is Arbor Day, and the event will be properly observed by the pupils of the public schools. In some communities the people are making Arbor Day a general cleaning up event, when the finishing touches are put onto lawns and grounds to get them in shape for the coming summer.

May Snow Storm. Early risers were greeted with several inches of snow again this morning, which lasted only a few hours, however.

DEATH BY DROWNING

Farmer Boy Falls into Mosquito Creek While Fishing and is Drowned.

Frank Kopza, the fourteen year old boy of Mr. and Mrs. A. Kopza, of Sigel, was drowned on Thursday in Mosquito creek near the Paul Zimmerman place. The boy had been fishing there from a log that lay across the stream, and it is supposed that he lost his balance and fell in, and there being no assistance near by was drowned, there being about eight feet of water in the creek where the accident happened.

Frank went with his mother and two other boys of the family that morning to the river opposite Biran, where the other boys had left, Frank and his mother stopped to fish. It seems that the fishing was not very good, however, and Frank decided to leave his mother and go to the Mosquito creek to try his luck. This he did quite early in the morning, and that was the last his mother ever saw of him alive.

Mr. Zimmerman saw the boy fishing on the creek that morning, at which time he was standing on a large log that had been felled across the creek during the winter. The log was smooth and slippery and it would have been very easy for anybody to lose his footing while standing on it.

As the boy did not return, Mrs. Kopza decided that he had gone home so she went there also, but was surprised when she found that he had not returned. Later in the day, when the boy failed to show up, search was started for him, and along toward evening the place where he had been fishing on the log was found, as a part of his fish line was found tangled in a tree overhead. A search was made of the creek below this, a garden rake being employed to drag the bottom, when the body of the boy was brought up. It is supposed that the boy was drowned about ten o'clock in the morning, and his body was not found until about half past seven that night. Mr. Zimmerman says that the statement that the boy was drowned in three feet of water is not true, as he, in company with another party, measured the depth of water at the place where the accident happened and found it to be about eight feet deep.

The supposition is that the boy was engaged in casting into the stream and that while so engaged his hook caught in his clothes and while endeavoring to disengage it he lost his balance and fell into the creek.

Upon the discovery of the body the authorities were notified of the facts in the case, and Justice Keyes of the circuit court went to the scene of the accident that same night and empanelled a jury, who, after viewing the remains and listening to the evidence in the case, decided that the boy had come to his death by accidental drowning. The funeral was held on Saturday morning from the Catholic church in Sigel.

Another Rural Route. It is probable that another rural route will be established out of this city in the near future which will be route No. 7. It will run to Biran along the river road, thence to Mehan station and back to this city, being about twenty-two miles in length.

The postoffice inspector was here last week and looked over the route, and will probably report in favor of it. It would seem as if this would about supply the farmers in this vicinity with mail facilities.

Lecture on Shakespeare. John Howard of Boston, Mass., gave a Shakespearean lecture at the Lincoln high school on Monday, choosing as his subject Macbeth. There was a large audience in attendance and they were greatly pleased with the talk Mr. Howard gave them.

Mr. Howard is making a tour of the larger cities of the state and it was only on account of an accidental open date that he was able to speak here.

Removed to Stevens Point. Frank Boyanowski and family left on Monday for Stevens Point where they expect to make their home. Mr. Boyanowski has severed his connection with the new brewing company but intends to engage in the mercantile business there.

The One Perfect Woman. When the lecturer inquired dramatically, "Can any one in this room tell me of a perfect man?" there was dead silence. "Has any one," he continued, "heard of a perfect woman?" Then a patient-looking little woman in a black dress rose up at the back of the auditorium:

"There was one. I've heard of her, but she's dead now. She was my husband's first wife."

Ice Cream Social. The Royal Neighbors will give an ice cream social at the Forester Hall on Thursday, May 16th, from 5 to 9 o'clock. Ice cream and cake. All cordially invited.

Mr. and Mrs. E. W. Ring of Portland, Oregon, visited friends here several days the past week. They are at present visiting their former home in Pittsville, but expect to return to the west in a few days. Mr. Ring is engaged in logging near Portland, where he has been very successful and is numbered among the big loggers of that state.

Federated Clubs Meet

The business meeting of the Grand Rapids Federation of Women's Clubs was held at the M. E. church on May 6. Reports were given on the work accomplished by the various standing committees during the past year and upon work proposed for the coming year. The Art Committee reported through its chairman, Mrs. Dose, that eighteen pictures had been purchased for the public schools. These were framed by the manual training department of the high school under the supervision of the art instructor and have been placed in the different schools.

Mrs. Youker, chairman of the Library committee, reported the Library work to be in very promising condition. A new furnace is being installed in the library building, and the walls are being decorated. The interior of the building will present a very attractive appearance when these improvements are complete.

Mrs. MacKinnon gave the report of the City Improvements committee. Much has been done toward making Grand Rapids a cleaner city and the committee offers excellent suggestions for future work.

Mrs. Wittler, the retiring president, gave a very concise report of the work of the federation as a whole. The following officers were elected for the coming year: President—Mrs. Dose. 1st Vice Pres.—Mrs. W. P. Kellogg. 2nd Vice Pres.—Mrs. B. L. Brown. Secretary—Marjorie Johnson. Treasurer—Mrs. Lina Corriveau.

County Board in Session. The county board met at the court house on Tuesday afternoon at two o'clock, with all but two or three members of the board present.

The first business of the board that was taken up was the election of a chairman, and when a ballot was taken on the matter it was found that Wm. Hooper of Nekeosa had received a large majority of the votes cast, getting thirty-four, with only a few scattering ones to other members of the board.

This being about all the business that could be done the first day, as committees had to be appointed before any of the regular routine business was disposed of, an adjournment was taken until two o'clock the afternoon, when the regular business of the board will again be taken up. The indications are that the session of the board will be a short one, as there are no momentous questions to be thrashed out as has been the case in the past.

Standing Committees. Finance—A. E. Bennett, P. Mulroy, E. E. Ames, R. H. Schroeder, H. J. Jensen, James H. Nash. Equalization—E. P. Arpio, P. N. Christensen, O. G. Lindemann, E. Elchstead, Ed. Provost, A. B. Cotey, Wm. Peters.

Delinquent taxes—P. N. Christensen, G. P. Hambrecht, L. F. Phillips, G. M. Bore, Nash Mitchell. Printing and Stationery—E. M. Deming, Geo. T. Rowland, Larry Ward, John Jenkins, M. M. Lochner, Peter Hansen.

Public Property—Amos Hasbrouck, A. L. Williams, Michael Wagner, E. Oberbeck.

Road and Bridges—G. H. Conklin, Simon Worland, J. J. Iverson, John Wolf, Michael Krings, Norm Wood. County Poor Farm and Poor Accounts—Frank Whitlock, Ed. Witzel, Michael Wagner.

General Claims—R. A. Connor, C. I. Morrison, J. O. Kurtz, Ed. R. Griffith, E. Oberbeck, H. J. Jensen. Judiciary—Geo. W. Brown, G. P. Hambrecht, N. M. Berg.

Bureau of Immigration—Jacob Spohet, O. I. Morrison, A. E. Bennett, John Jenkins, Larry Ward, J. J. Iverson.

Town Organization and General Industry—Nash Mitchell, L. F. Phillips, Simon Worland, G. H. Conklin, Peter Hansen.

Per Diem and Mitage—George T. Rowland, Michael Krings, R. H. Schroeder.

Special State Equalization—O. G. Lindemann, James H. Nash, E. E. Ames.

Special Committee on County Training School Building—E. P. Arpio, A. E. Bennett, M. M. Lochner, Wm. Peters, R. A. Connor.

Rev. Clark at the Baptist Church. The regular services of the Baptist church will be conducted next Sunday by Rev. N. L. Clark of Neenah, who will preach morning and evening at the usual hours. Bible school at 11:45 and Young People's meeting at 6:45. The public is cordially invited.

Work on Stange-Ellis Plant. A small gang of men was put at work on the factory building of the Stange-Ellis plant this morning. These men are digging the trenches for the foundation walls. It is expected that within another week or two there will be a good sized crew of men at work.

Ice Cream Social. The Royal Neighbors will give an ice cream social at the Forester Hall on Thursday, May 16th, from 5 to 9 o'clock. Ice cream and cake. All cordially invited.

Mr. and Mrs. E. W. Ring of Portland, Oregon, visited friends here several days the past week. They are at present visiting their former home in Pittsville, but expect to return to the west in a few days. Mr. Ring is engaged in logging near Portland, where he has been very successful and is numbered among the big loggers of that state.

ALL NIGHT SESSION.

City Fathers are Kept at Their Work until after Twelve by the Volume of Business.

The city council met in regular session last night with Mayor Whelan presiding. The session was a long one, there being considerable business to be done and each subject seemed to need considerable discussion.

The minutes of the previous meeting were read and a correction made in same so that Alderman Stark was made chairman of the street committee as announced by the mayor at the last meeting.

These bills were received for the heating plant to be installed in the library building, they being from W. Parnell, J. E. Farley and the Central Hardware Co. Each item submitted a bid for steam and hot water heating. They were all different and there was considerable difference in the amount of radiation included in each bid, so that the council was unable to decide which was the lowest, and as a consequence the matter was referred back to the committee having the matter in charge with instructions to go into the matter thoroughly and discover which bid was the most desirable.

Peter McCandless, superintendent of port, made his report for the last year, which showed that the amount spent for the support of port during the past year in the city was just forty five dollars.

There was a petition presented from a number of the residents of Third street asking that two more arc lights be put in on that street and be arranged that the street will be properly lighted. The petition was granted.

There was a petition from the Women's Federated clubs asking that a sewer system be extended to the living school and that the sidewalk be placed leading to that school. The matter was referred to the street committee.

There was also a petition from the Federated clubs asking that the council reconsider its determination to build a fire engine house on the premises which the ladies have asked for a park. This matter was also referred to a committee.

The matter of drainage on the west side was again taken up and considerable discussion indulged in. Each alderman who has any mind on the subject at all, seems to be in a different opinion regarding this matter, and each would like to see it done in a different manner. The city engineer has prepared a plan for the drainage of all the land lying west of the city, which will cost approximately \$500, and it is thought that the scheme would solve the difficulty altogether. The matter was referred to a committee with instructions to look the matter up at once and report at the next meeting of the council.

The sum of \$35 was appropriated to the G. A. R. post for the proper observance of Memorial day.

The matter of widening Vine and Oak streets was brought up and the matter referred to the street committee to see what could be done in the matter.

The matter of the purchase of park site up the river was brought up by the mayor and a motion to reconsider the matter was made by one of the aldermen, but upon being voted upon was lost.

Alderman Jackson was elected president of the council.

The Leader was made the official paper, the council proceedings and other city matter to be published in all of the city papers.

The First National Bank was chosen for the city depository, their bid being the lowest.

The matter of hiring a street commissioner to look after all the streets of the city was taken up and after all the streets of the city was taken up and after considerable discussion it was decided to hire a street commissioner for thirty days and see what the result would be, wages for same not to exceed \$2.50 per day.

There were also a number of bills allowed, after which the council adjourned.

Levanoski-Kopza. Steve Levanoski and Miss Bernice Kopza, both of the town of Sigel, were married on Monday at the Catholic church in Sigel, ten city officiating.

Both of the contracting parties are well known in the town of Sigel, where they have many friends, and wish them success on their journey thru life. They will make their home on the west side in this city, the groom being employed at the Consolidated plant.

Bargains in Bicycles at Daly's. The Bicycle, the finest wheel on earth. Daly sells them on the installment plan.

F. Beadle THE HANDY MAN. Will frame your pictures, repair and upholster your furniture, file nails, and do all kinds of job work on short notice.

GIVE HIM A CALL. Back of Sam Church's Drug Store. On Third Avenue.

Sulphite Mill Starts up

The new sulphite plant of the Port Edwards Paper Co., which has been in operation during the past winter, was started up on Wednesday last week and has since been in successful operation. The mill has a capacity of about fifty tons of sulphite a day, which is the largest output of its kind in the state.

The plant is situated in the building of the town of Sigel, and is a very modern one, and was started up on Wednesday last week, and has since been in successful operation. The plant is a very modern one, and was started up on Wednesday last week, and has since been in successful operation. The plant is a very modern one, and was started up on Wednesday last week, and has since been in successful operation.

Death of Mark Rucinski. Mark Rucinski, one of the old residents of the town of Sigel, died on Sunday last of an attack of pneumonia. He had been in bed for some time, and when taken with pneumonia it was impossible for him to get up. He was sixty years of age and had been a resident of the town for the last sixteen years. He is survived by his wife and seven children, the latter being Mrs. J. E. Farley of Milwaukee, Mrs. J. E. Farley of the town of Sigel, and Mrs. J. E. Farley of the town of Sigel, who resides in this city, and Mrs. J. E. Farley of the town of Sigel, who resides in this city.

The funeral was held on Tuesday from the Polish Catholic church in this city, Rev. J. M. Keat officiating.

Stock Fair Tuesday. The regular monthly stock fair will be held in this city on Tuesday, May 14th, and farmers and others interested are notified to call up and take notice.

Manager John Bell reports that there is an unusual demand for young pigs just now, and that sheep and hogs will find a ready market. Those who will sell hogs and cows to trade or sell are requested to be on hand with the goods.

WANT COLUMN. ADVERTISEMENTS with a paid price in this column at the rate of 10c per line, and no charge for insertion in the first week. All ads. must be paid for in advance, and no ad. will be run without cash.

Mr. and Mrs. Guy Nash of Shannonsville arrived in the city on Saturday to spend a few days visiting with relatives.

Miss Ida Hayward, who is attending the Stevens Point Normal, spent Sunday at the E. L. Hayward home in this city.

It is thought to be people who go from day to day suffering from physical weakness when Holister's Rocky Mountain Tea would make them well. The greatest tonic known. 35 cents per bottle. Daily Drug & Jewelry Co.

Geo. K. Gibson of Minneapolis is in the city for a few days visiting with his parents, Mr. and Mrs. George Gibson.

George N. Ward, Geo. W. Davis and F. J. Wood went to Stevens Point on Saturday to attend the funeral of the late Henry Curran.

Miss Ida Grignon has resigned her position as stenographer at the J. W. Chasman law office and Miss Addie Bishop will succeed her.

Mr. and Mrs. Thomas Farmer of Minneapolis are guests this week at the home of Mrs. Farmer's mother, Mrs. John Andrews in this city.

Mrs. Dennis McCarthy and daughter, Mrs. A. B. Beyer spent Thursday at Stevens Point where they were the guests at the John Collins home.

Mr. and Mrs. E. B. Redford spent Saturday at Wautoma where they went to attend the silver wedding anniversary of Mrs. Redford's parents.

Don't forget the Grand Rapids Tailoring Co. when in need of a suit and nobly suit.

Several of our local sports attended the dance at Sutora's on Saturday evening and report a very pleasant time with a good crowd in attendance.

Mr. and Mrs. Albert Olson returned Saturday from a few days visit at Port Atkinson, Wis., where they were called by the illness of Mr. Olson's father.

No need to send out of town for a suit as long as the Grand Rapids Tailoring Co. are doing business here. They guarantee a fit and make the same clothes at a lower price than you can get them outside.

Royal Baking Powder

ABSOLUTELY PURE

DISTINCTIVELY A CREAM OF TARTAR BAKING POWDER

It does not contain an atom of phosphoric acid (which is the product of bones digested in sulphuric acid) or of alum (which is one-third sulphuric acid), unhealthy substances adopted for other baking powders because of their cheapness.

Mrs. M. M. Levin of Grand Rapids spent Tuesday and Wednesday at Waterman's Bros. store, with the finest line of Ladies' and Children's hats, coats and skirts ever shown in this part of the country.—Banner Press.

Mrs. F. W. Bart, who has been in Spokane, Wash., for the past year, returned to her home in this city on Saturday. She was accompanied by Mrs. Harry Rablin and two children who will make an extended visit with relatives in this city.

Mr. and Mrs. Geo. Davis and Mr. and Mrs. Will Gross went to Neenah on Sunday and spent the day with relatives, making the trip in Mr. Davis' Buick. They report very good roads and a very pleasant trip.

—Dress right and look right by getting your clothes at the Grand Rapids Tailoring Co.

Howard J. Brazee of Hollandale, Wis., was in the city on Thursday last on business. Mr. Brazee was formerly with the Free Press of Milwaukee and is at present engaged in the banking business at Hollandale.

Henry Curran, postmaster at Stevens Point, died on Wednesday last of heart disease. He was a veteran of the civil war and had been a resident of Portage county for past thirty years, and had been postmaster during the past ten years.

T. J. White, the Vesper dairyman, was a pleasant caller at the Tribune office on Monday. Mr. White reports rather a small output this spring owing to the slowness with which the grass and other vegetation starts growing, but hopes for a betterment of conditions in the near future.

Walter Hulberg, who has been employed as jeweler at the A. P. Birzy jewelry store for the past two years, left last week for Morehead, Minn., where he will work in a jewelry store for a short time. It is Mr. Hulberg's intention to start in business for himself later on.

Mr. and Mrs. Will Reimer of Milwaukee, who have been visiting relatives here the past month, have decided to move here and Mr. Reimer departed on Monday for Milwaukee to move his household effects. He has secured a good position with Contractor Schrader.

Alexander Moore has purchased a half interest in the butcher business of Owen Love on the east side, and will hereafter devote himself to the meat business. Mr. Moore will attend to the outside work while Mr. Love will do the business at the shop as before.

The city teams have been busy for several days past with the use of a road scraper in putting the back streets in better condition. Some of our thoroughfares needed the work very badly as the frequent snows have caused them to be out up more than usual this spring.

Mrs. Donald O'Brien, nee Katherine Waters, and Miss Mary O'Brien of Tomah were in this city a few days last week, having come here to pack the household goods belonging to Mrs. O'Brien and ship same to Tomah. Mr. and Mrs. O'Brien will make their home at Tomah.

The members of the G. A. R. Post are preparing to observe Memorial day as usual this year. The services will be along the line usually pursued on such occasions and will consist of a parade, music by the band and a march to the cemetery where the graves of the old soldiers and others will be decorated.

Marching Times:—Mr. and Mrs. John Anderson and children of Fond du Lac, formerly residents of this city, will leave in a few weeks for Norway where they will visit the home of Mr. Anderson. They expect to be absent several months and John will spend his time while there teaching his fellow countrymen the popular game of Skat, he being an expert at this game.

A it was announced on Monday that a change had been made in the time of the trains on the Green Bay & Western so as to connect with the trains on the Central at Amherst Junction. Upon interviewing Agent Hill on Tuesday that gentleman stated that there was no ground for the report to the best of his knowledge, although he was in hopes that such a change would be made in the near future.

The three year old child of Hans Carlson had a narrow escape from death one day last week. While running about in an upstairs room the child fell from a window, landing on its back on a flower bed below the window. The flower bed was surrounded with brick, but the child did not strike any of these, and outside of a good shaking up, suffered no inconvenience.

Bossett Bros. are going to erect a new coal shed at their place this summer, which will be one hundred and sixty feet long and about twenty feet wide. This shed will be large enough to allow them to get in their winter supply of coal in the summer when it can be hauled at leisure, and when winter comes they will be equipped to handle all the business that comes their way in an expeditionary manner.

The Popular lecture course, which was completed last week by the appearance of L. J. Beauchamp, proved to be a financial success, which is something rather unusual for an affair of this sort. Most of the lecture courses have run behind to such an extent that those who had them in charge have been compelled to dig down into their pockets in order to make up a deficiency.

B. L. Brown was in Port Edwards on Thursday where he went as attorney for Gustave Binebese, who was defendant in an action brought by Levi Leroux of Nekoma. It seems that Leroux and Binebese met on the road between Nekoma and Port Edwards one dark night, and had a collision, the rig in which Mr. LeRoux was riding being smashed to the extent of \$16.50. It was to recover this amount that he sued Binebese. The case was before Justice Dwyer, and he decided in favor of the plaintiff.

—500 new Edison Records just received at Daly's. Come and hear them.

Arrange Sales Days.

A meeting of merchants was held Friday night in the court house, for the purpose of listening to a report of a committee appointed a few weeks ago to confer with merchants regarding sales days for Wausau. The committee reported in favor of the proposition and recommended that May 22 be the days assigned.

The plan recommended, and which was adopted, is this. People coming to the city on those days will be given a shopping card at the first store where they make a purchase, and the amount of their purchase will be placed on the card. Every merchant with whom they trade afterwards on those days will also put down the amount of purchases made in his store and when the sum of \$25 or over is expended, the party holding the card can go to the office of Kretlow & La. and receive his railroad mileage. The same conditions will apply to anyone coming in by team. This offer is made to anyone trading here, living within a radius of 50 miles of Wausau. The scheme will not be confined to the Retail Merchants' association alone, but every merchant in Wausau can participate in its benefits. It is estimated that the expense will be about \$500 of which amount \$357.50 had been subscribed Friday evening.

A large amount of advertising matter will be distributed and an effort will probably be made to decorate the city. If the scheme proves a success, other sales days may be arranged during the year, and it may be that instead of \$25 worth of purchases being the basis on which mileage will be returned, the amount may be cut down.—Neillsville Times.

Disturbed the Congregation.

The person who disturbed the congregation last Sunday by continually shouting is requested to buy a bottle of Foley's Honey and Tar. Daily Drug & Jewelry Co.

CHOICE REAL ESTATE OFFERINGS

WEST SIDE

NINTH AVENUE—Near furniture factory, two nice lots. 50 feet x 132 feet. \$350.00.

If you value your health wear health shoes.

They are the best assurance you can have against foot and leg troubles. Comfort, health and style are combined in the use of inside and outside make a firm stamp on the foot.

All styles for women \$3.50 a pair

Sold Only By

I. Zimmerman,

REMOVAL NOTICE!

I am pleased to inform my many friends and patrons that I shall move my furniture stock about May 1st from my present location to the brick building occupied for many years by Spafford and Cole, and for the past eighteen months by J. T. Schumacher as a general store.

The reason for this change is that my business has outgrown its present quarters and I find it necessary to secure more room.

My new location is a solid two-story structure, with two adjoining buildings which will give me ample space for storage and a chance to display my stock advantageously.

UNDERTAKING.

With 20 years of practical experience as an undertaker, 4 years of which were spent in this city, I shall leave you to be the judge of my ability in that line of work. My aim, at all times, has been to treat my patrons justly, and to extend to them a liberal credit if necessary, for death oftentimes comes when we are least prepared for it. With many thanks for past favors, I beg to remain

RESPECTFULLY YOURS,

J. R. RAGAN.

YOUR BOYS CLOTHES!

Was your boy's last suit as good as it looked? Did it stay together? Did it hold its color and shape? Did the buttons stay on? If they didn't perhaps you bought too much on looks. False ornament is often used to hide poor cloth. Clothes are as pretty here as anywhere, but the beauty is skin deep. No cotton; no bad sewing; no flung on ornaments to prove false to their trust. You get exactly what you pay for—not a pretence of it. The spring styles are attractive, while being thoroughly good. Come see our display and get posted in regard to our reasonable prices.

GRAND RAPIDS TRIBUNE

BY DRUM & SUTOR.
GRAND RAPIDS, - WISCONSIN.

Ambassador White and his son are the tallest members of the diplomatic corps in Paris.

It is sometimes difficult in Central America to tell where one war ends and the next begins.

Vienna dress-makers have won a strike for higher wages. We know who will foot the bills.

Japanese may land in Canada, which has no impassable barrier separating it from the United States.

Two men have invented great fuel savers within the last few days, but so far no one has come forward with a self-motivated lawn mower.

Forty seven merely obedient of current have philanthropic gifts by different have come forward with a self-motivated lawn mower.

The military and the crown prince of Japan are each having an album made of photographs of all the military and naval officers killed in the war with Russia.

The story about Mr. Fairbanks "hanging to a stump" in a New York elevated train is an obvious fake. One can't hang to a thing one has to jump to reach.

The important thing about it is that under recent weather conditions public opinion practically compels you to go to bed at night if you are really younger than you look.

Romanticism is rebelling and rebelling because it is old. Which goes again to show that nations are merely aggregations of individuals, and that their foundation is human nature.

President Coolidge, who, when last heard from, was feeling, is to give back to the nation. Evidently his bed-ridden in the machine that he who fights and runs away will live to fight another day.

Of course, a college education costs a good deal more now than formerly, but just think how much of it is for how much less reason the colleges cost their students in the present nowadays.

Admiral Dewey is preparing to move out of the house that was presented to him by a grateful people. Evidently the admiral has no more presidential ambitions and is sensible enough to do as his physician.

A Minneapolis man spanked his wife after she had kicked him out of bed, and was sentenced to five days in the workhouse. How, asks the Express, can a woman be given more rights when men have no rights at all?

In estimating the probable detriment to the railroad business involved in the hostility of American legislation, says the Providence Journal, it should be remembered that most of the proposed statutes will never be passed.

Whales watching hundreds of tons sometimes rise slowly and deliberately out of the water, until they appear to be descending on the surface and then sink slowly back. A whale has been seen to dive over a small boat without touching—an estimated load of 20 feet above the water.

Nathaniel W. Voorhees, father of ex-Gov. Foster M. Voorhees of New Jersey, was a delegate to the national convention of 1860, which nominated Lincoln for the presidency. Mr. Voorhees, who is now nearly 80 years old, believes that he and United States Senator Shelby M. Cullum of Illinois are the only surviving members of that historic gathering.

President Roosevelt reads a greater number of daily newspapers at present than he has ever known to read before. If any paper has become their new passion with more avidity than their editorial pages. The old custom of some number of his office force clipping from the daily papers merely such articles as in the judgment of the president may be of use to him has been abolished, at least temporarily, and every day, before his delivery to the White House.

Close elections are not uncommon in any representative government, but it is not often that the constituency is so closely divided for as long a time as the parliamentary division of North Tyrone, in Ireland. In the last five elections, beginning with that in 1892, the total number of votes cast has varied less than 400. The largest majority at any election was 31, says Tyrone's Companion. Once it was 49 in favor of the Liberal Unionist and once 48 in favor of the Liberal Unionist. A Liberal candidate in 1906, and seven of his successors at the by-election in March of this year.

A society has been formed in California to rescue ideal marriages. But unfortunately for its success the members will first have to secure perfect husbands and faithful wives, and here again the old, old obstacle to Utopian schemes has been in the shape of original sin and human nature.

The report that John D. Rockefeller, Jr., was seen walking through Tarrytown with a bundle of sticks under his arm oughtn't to create any excitement. Why, a man of his income would afford to walk through town with a bundle of sticks under his arm.

The price of gasoline has gone up a cent a gallon. Perhaps young John D. is to have a larger salary than the former superintendent of the Potomac hills estate received.

If there is anything in the report that the czar's wife is wobbling the athletes will probably see to it that he shall not lack excitement enough for a brain storm or two.

A Philadelphia breakever fell 14 stories and wasn't badly injured. Now watch the paragraphs write out things about how slowly he fell.

Cabriello D'Annunzio has refused an offer of \$16,000 to deliver eight lectures in South America. In refusing he wrote: "I have no wish to brave the ocean for a box of cigars."

Vigor shown by the splinters of Fort Dodge, Iowa, in defeating the bachelors' tax ordinance may indicate why there are so many unmarried women in that city.

Pearly has been given permission by the government to seek the pole once more. His leave of absence also permits him to find the pole if possible.

MINERS FOUND ALIVE

SEVEN RESCUED AFTER LONG IMPRISONMENT IN SHAFT.

ALL TAKEN TO HOSPITAL

Foreman Describes Awful Experiences in Flooded Colliery—Heroic Work of Men to Save Their Comrades.

Johnstown, Pa.,—Taken from the dark recesses of a coal mine where they had been imprisoned for over 100 hours, and watched almost from the jaws of death, the seven men taken from the Flooded-White mine No. 28, at Fossilwell, are lying in the Windward hospital, physically exhausted and oblivious to all around them. The men were rescued about ten o'clock Tuesday night, but were not brought out until an early hour Wednesday morning, the physicians fearing a reaction from the excitement and sudden exposure to the outer air that might have serious effect.

All Wanted to Go Home.

Immediately upon being brought out all the men wanted to go to the hospital and be taken care of. No food was given them at first, but a stimulant in the form of brandy and water was administered to all, with the exception of Michael Boyle, who craved hot milk. This was not given him, however.

Soon after arriving at the hospital the men were examined and no complications are allowed with them. Correspondents and newspaper photographers swarm about the vicinity of the hospital in an effort to get the men's stories and their pictures. They are turned aside and the men are not disturbed except at regular intervals when the doctors administer hot brandy and nourishment. Immediately after these treatments the men again drop to sleep, apparently absolutely exhausted.

The hospital physicians said this morning that the men would be able to be about in a few days.

Life Came with Water's Fall.

"We knew the men on the outside were at work pumping out the water in an endeavor to release us. We kept a careful watch and could not tell the water going down inch by inch. There was nothing we could do to help and we all clutched under the We could hear the tapping on the pipe and knew it meant for us to keep up our courage," said Foreman Boyle. "We always signed back whenever we heard the tapping."

"All the men had full dinner buckets when they came into the mine Friday morning, but the food in those buckets was so rotten that we felt the pang of hunger. I don't think the men who were rescued after three days of hunger and thirst would have been able to eat anything."

How Rescuers Worked.

To reach the imprisoned men it was necessary for the rescuers literally to crawl and swim through a mile of tunnel filled with water. The first party, after crawling its way 600 yards, with only a few inches between the surface of the water and the roof of the tunnel in which to breathe, were stopped at a point where the water reached the roof. One man tried to dive through in the hope of finding an air space. Found and nearly lost his life.

When they returned, nearly dead, and rebuffed exertion with the pumps reduced the water sufficiently to let a second party crawl through the tunnel to the end of heading.

The imprisoned men had improvised a pump, and they worked at this and hauled out coal to ward off the tide of water. One man was kept tapping on the compressed air pipe. The signals were always four taps and then three to indicate that they were in the fourth right heading, and that seven of them were alive. No matter what the answer this signal was never changed.

Mine Blast Kills Seven.

Chickadee, Pa.,—Four men were killed and four others are seriously injured and probably dead as a result of a disaster at the Chickadee mine, in the Lehigh (Creek district) Wednesday afternoon.

Fire damp is thought to have been ignited by the men, causing the explosion which killed the four men.

Sheep Camp Dynamited.

Chickadee, Pa.,—An explosion of dynamite at John L. Sheep camp in Lehigh County, Pa., Wednesday night, killed 700 sheep and completely destroyed camp wagons and other possessions of the camp. The story of the outrage was told by a herder who said that a band of masked men raided the camp and after blinding him severely arranged for the work of destruction.

Corey to Wed Miss Gilman May 13.

New York.—Miss Mabelle Gilman, who arrived here Wednesday morning from Paris, said she and William B. Corey, president of the United States Steel corporation, would be married in New York on May 13.

Race Riot in Indiana.

Greensburg, Ind.—Bitter feeling as a result of an assault on Mrs. Softon, an aged woman, last Saturday, caused a race riot here Tuesday night. Six colored men were badly beaten, one of whom may die.

Falls to Die; Sues Rope Maker.

Rockester, N. Y.—William Seoley, of New York, has sued Rufus Wheeler for \$200 damages, alleging that a rope which he bought of Wheeler with which to hang himself broke under his weight.

Flour for Starving Chinese.

FAIL TO WIN LAHM CUP

BALLOONISTS END THEIR TRIP 130 MILES FROM ST. LOUIS.

Descend Near Golconda, Ill., After Being Carried Back and Forth by Air Currents.

Golconda, Ill.,—Capt. C. D. Chandler, United States signal service, and J. C. McCoy, of New York, failed to break the long distance balloon record and to win the Lahm cup. The balloon, which left St. Louis at 7:20 Tuesday evening, landed five miles north of Golconda at 2:30 Wednesday afternoon.

To have won the Lahm cup the balloon would have had to go more than 102 miles. Golconda is only 130 miles from St. Louis.

Changeable air currents demonstrated to the aeronauts that they could not win the cup and for that reason they made the landing near here. The balloon made an easy landing. It was brought to Golconda in about 15 minutes.

Capt. Chandler made the trip for the purpose of making balloon observations for the United States army. He and McCoy, upon leaving St. Louis, hoped that the winds would carry them toward Washington, but the balloon failed to leave the ground.

Immediately upon leaving the ground, the balloon crossed the Mississippi river and continued southward near the river some distance, when it was driven back into Missouri. It then continued south until near the Arkansas line.

At noon Wednesday the balloon hovered over Cape Girardeau, Mo. Just before crossing the river the balloon struck a tree, impeding the progress of the balloon. Ballast was thrown out and the balloon rose to an altitude of two miles. The sun came out and it went still higher. It continued east into Indiana, where an east wind struck the balloon, driving it into the clouds. Emerging from the clouds, the aeronauts found themselves over the Ohio river near Golconda. They then descended.

WOMEN TRAPPED BY FLAMES.

More Than Two Score Persons Hurt in Chicago Fire.

Chicago.—More than two score men and women were injured in a fire which attacked a five-story building at 255 Wabash avenue, Monday Wednesday.

The fire broke out in a room on the second floor, where a woman was using a gas stove. The flames spread so rapidly that they reached the kitchen before the patrons had recovered from their first fright. Then the women rushed to the fire escapes and to the stairs.

Many of the women were injured in falling from the fire escapes on the Wabash avenue side of the building, and were taken into the emergency hospital of A. M. Rothschild & Co. Some of the women were injured in falling from the fire escapes on the Wabash avenue side of the building, and were taken into the emergency hospital of A. M. Rothschild & Co. Some of the women were injured in falling from the fire escapes on the Wabash avenue side of the building, and were taken into the emergency hospital of A. M. Rothschild & Co.

CABRERA HAS A CLOSE CALL.

Mine Is Exploded Under the President of Guatemala.

Guatemala City, Guatemala.—Estadista Cabrera, president of Guatemala, narrowly escaped assassination Monday. He left his private residence for his customary drive, accompanied by his chauffeur, when a bomb exploded near the presidential carriage, wounding the chauffeur and injuring several staff officers, including Gen. Orellana, the chief of staff.

Examination showed that the explosion had been caused not by a bomb, but by a mine. The mine was a small one, but it was a group of houses owned by a man named Rafael Rodi, placed explosives under the roadway and connected them by wire with a battery in Rodi's house and from there discharged the mine. Many suspects have been arrested.

Passenger Train Ditched.

Parkersburg, W. Va.—Passenger train No. 116 on the Ohio division of the Baltimore and Ohio, the last day of the week, was derailed by a bomb, wrecked at the station, 45 miles west here at four o'clock Wednesday afternoon while running at 60 miles an hour. The baggage coach jumped the track, causing the engine, tank and all of the five coaches to leave the track, the two rear cars turning over the end of the track. Twenty persons were injured, two fatally.

Hurricane Sweeps Campeche.

San Juan, Campeche.—A hurricane of terrific violence swept over this district Tuesday night entailing great loss of property and human life. The storm struck the coast of Yucatan at San Juan, Campeche, and the coast was ruined, causing a loss of millions of dollars.

No Russian Ships Coming.

St. Petersburg.—After an inspection of the training squadron at Libau, Minister of Marine Rikoff, who returned from that city Wednesday, decided to abandon the idea of sending ships to the Jamestown exposition.

Arrested on His Honeymoon.

St. Louis.—D. Max Gregg, son of Col. H. M. Gregg, a wealthy mine owner of Joplin, Mo., here on his honeymoon, was arrested Wednesday on a charge of having attempted to ship four fish out of Arkansas.

To Drive Oil Trust from Ohio.

Findlay, O.—George H. Phelps Tuesday afternoon filed a suit in the common pleas court against the Standard Oil company, its subsidiary companies and directors of the companies asking that they be enjoined from doing business in the state of Ohio.

Great Baku Strike Ended.

Baku.—The shipping strike is ended. Most of the shipping companies granted a ten per cent increase in wages and other concessions, which the strikers accepted.

WAR HERO HONORED

McCLELLAN STATUE UNVEILED BY ARMY OF POTOMAC.

WIDOW AND SON PRESENT

President Roosevelt Reviews an Impending Military Parade and Delivers a Characteristic Address.

Washington, — With appropriate civic and military ceremonies, and in the presence of a distinguished audience, the heroic equestrian statue of George B. McClellan, erected under the auspices of the Army of the Potomac, was unveiled here Thursday. President Roosevelt made the principal speech, and with Gen. Frederick D. Grant on his right and Gov. Stokes, of New Jersey, on his left, witnessed an imposing military parade of regulars and militia.

Mrs. McClellan, the general's widow, Mayor George B. McClellan, of New York, son of the general, and Dr. George McClellan, of New Jersey, a nephew, who pulled the string releasing the flags in which the statue was enveloped, occupied seats on the president's stand.

Brig. Gen. Henry C. Dwight, U. S. volunteers, the president of the Society of the Army of the Potomac, presided. As the great national flags which enveloped the statue swung to the breeze, there was an exclamation of admiration from the vast assemblage, accompanied by the firing of salute and the playing of "Star Spangled Banner."

The president delivered a typical speech, in which he touched upon a variety of subjects, including war, peace, national pride, the family, and the qualities that make for brotherhood and fraternity.

GEN. KUROKI AT SEATTLE.

Warm Welcome Is Given the Famous Japanese Soldier.

Seattle, Wash.—Gen. Kuroki and his staff, representatives of Japan to the Jamestown exposition, arrived in this city from the Orient at half past three o'clock Thursday afternoon after several hours' delay on Puget Sound owing to fog. They received a royal and picturesque welcome by both local Japanese and Americans, who crowded every dock on the water front and lined the streets as the Japanese party passed through in a string of automobiles.

A hundred Japanese girls sang the national anthem and the general's automobile was almost covered with flowers presented by school children.

Thursday afternoon the party was taken for a trip around the city in automobiles, visiting various points of interest. In the evening a brilliant reception was given at the Rialto club, at which the governor of the state, Albert E. Mead, and prominent business men were present.

SINGER CUTS OUT HIS TONGUE.

Lost His Voice in Frisco Earthquake and Goes Insane.

Millon.—Araceli Rossi, the tenor, who was with the Conried Opera company in San Francisco during the earthquake and who, as the result of the fright he experienced has not since been well, endeavored to commit suicide here Thursday. Recently he lost his voice. This calamity weighed so heavily on his mind that he went crazy and Thursday he cut out his tongue with a pair of scissors. He was taken to a hospital in a critical condition.

ST. LOUIS PRESSMEN STRIKE.

Men on Four Daily Papers Quit for Higher Wages.

St. Louis.—Following a failure of the Web Pressmen's union to reach an agreement with the local Newspaper Publishers' association for a new scale, a strike was ordered Thursday, calling the pressmen from all newspaper offices in the city except one.

The strike affects the Globe-Democrat, Republic, Post-Dispatch and Star-Chronicle. No edition of the Post-Dispatch was issued Thursday.

Taft Will Speak to Millers.

Springfield, O.—Col. J. W. Burke, president of the National Millers' association, received a message Thursday afternoon from Secretary of War Taft accepting the invitation to be the guest of the association in St. Louis May 30 and to make an address.

Four Deaths on Steamer Baltic.

New York.—Four deaths, three in one family, were recorded on the ship's log when the White Star liner Baltic arrived at her dock from Liverpool Thursday night.

Jumps From "Suicide Pier."

Cleveland, O.—C. G. Suckle, a traveling man of Pittsburgh, jumped from what is known as "suicide pier," early Thursday, after having tied a 60-pound iron bar around his neck. He sank instantly to the bottom.

Troops Kill in Russian Jail.

St. Petersburg.—Troops had to be called in to suppress a revolt of political prisoners in the jail of the Viborg quarter Thursday morning. The soldiers fired a volley, killing one man and wounding several.

Maj. Gerald Rathbone Dies.

San Francisco.—Maj. Gerald Rathbone died here Thursday after a brief illness. He was consul at Paris under the first Cleveland administration. During the war he was aide on the staff of Gen. Scofield.

WAR HERO HONORED

McCLELLAN STATUE UNVEILED BY ARMY OF POTOMAC.

WIDOW AND SON PRESENT

President Roosevelt Reviews an Impending Military Parade and Delivers a Characteristic Address.

Washington, — With appropriate civic and military ceremonies, and in the presence of a distinguished audience, the heroic equestrian statue of George B. McClellan, erected under the auspices of the Army of the Potomac, was unveiled here Thursday. President Roosevelt made the principal speech, and with Gen. Frederick D. Grant on his right and Gov. Stokes, of New Jersey, on his left, witnessed an imposing military parade of regulars and militia.

Mrs. McClellan, the general's widow, Mayor George B. McClellan, of New York, son of the general, and Dr. George McClellan, of New Jersey, a nephew, who pulled the string releasing the flags in which the statue was enveloped, occupied seats on the president's stand.

Brig. Gen. Henry C. Dwight, U. S. volunteers, the president of the Society of the Army of the Potomac, presided. As the great national flags which enveloped the statue swung to the breeze, there was an exclamation of admiration from the vast assemblage, accompanied by the firing of salute and the playing of "Star Spangled Banner."

The president delivered a typical speech, in which he touched upon a variety of subjects, including war, peace, national pride, the family, and the qualities that make for brotherhood and fraternity.

GEN. KUROKI AT SEATTLE.

Warm Welcome Is Given the Famous Japanese Soldier.

Seattle, Wash.—Gen. Kuroki and his staff, representatives of Japan to the Jamestown exposition, arrived in this city from the Orient at half past three o'clock Thursday afternoon after several hours' delay on Puget Sound owing to fog. HOW TO SERVE BLACK COFFEE.

Neither Cream Nor Milk Should Be Added to the Beverage.

Black or after-dinner coffee is usually made exactly like that taken for breakfast and made by filtering, steaming or boiling, save that double the proportion of the beans is used. Two heaping tablespoons of coffee to each cup of water. It should be strong and perfectly clear. Serve in small cups with black sugar.

As after-dinner coffee is used as a digestant, neither cream nor milk should be added. There is a growing fancy for making the regular Turkish coffee for the Sunday desert, but it is extremely "puttery" work, as only small cups are made at a time. The essentials for the Turkish coffee are one of the Turkish coffee mills of coarse grind that beat the beans as fine as powder and one of the tiny Turkish coffee pots that can now be found in any of the housefurnishing stores.

To make the coffee in these, put a pot containing freshly boiled water on the fire with two or three lumps of sugar. Add two teaspoonsful of coffee powder to the water, and stir until

Heineman Merc. Co.

Robert Marshall, who has been at Port Edwards superintending the millwright work on the new sulphite plant, leaves today for his home in New Hampshire.

Mr. and Mrs. A. L. Arpin, who have spent the past winter in Porto Rico, where Mr. Arpin has business interests, returned to this city on Monday.

O. F. Kellogg has been getting along nicely the last few days and there are hopes of soon seeing him about again.

Ball Game Sunday.

The game Sunday between the Tigers and Nationals showed the Indians "on top" and "playing every minute." The game was fast from the start and considering the time of the year and the weather was little short of remarkable. The Nationals showed themselves equal to the Tigers in every part of the game and are showing "great form," Knicker having a shade the best of Palmer.

Following is the score in detail:

Tigers	AB	R	H	SH	BB	E
Bainbridge	1	1	0	0	0	1
McConnell	4	1	0	0	0	0
Wingfield	4	0	1	0	0	0
Knicker	1	0	0	0	0	0
Dolan	3	0	0	0	0	1
Weekler	4	0	0	0	0	0
Martinson	1	0	0	0	0	0
Earley	1	0	0	0	0	0
Brohan	3	0	0	0	0	0
Nationals						
Odegaard	1	0	0	0	0	0
Fahner	1	0	0	0	0	0
Voyer	1	2	0	0	0	0
Star	1	0	0	0	0	1
Shawley	4	1	0	0	0	1
Smith	3	0	0	0	0	1
Balmer	1	0	0	0	0	0
Erasmus	3	0	0	0	0	0
Doseburg	3	0	0	0	0	0
Struck out by Knicker 7 by Fahner 4						
Time of game 1-50.						
Umpire—McConnell.						
Bases on balls off Fahner 4 off Knicker 3

Mr. Zimmerman saw the boy fishing on the creek that morning, at which time he was standing on a large log that had been felled across the creek during the winter. The log was smooth and slippery and it would have been very easy for anybody to lose his footing while standing on it.

As the boy did not return, Mrs. Kopka decided that he had gone home so she went there also, but was surprised when she found that he had not returned. Later in the day, when the boy failed to show up, a search was started for him, and along toward evening the place where he had been fishing on the log was found, as a part of his fish line was found tangled in the tree overhead. A search was made of the creek below this, a garden rake being employed to drag the bottom, when the body of the boy was brought up. It is supposed that the boy was drowned about ten o'clock in the morning, and his body was not found until about half past seven that night.

Mr. Zimmerman said that he had seen the boy on the creek that morning, at which time he was standing on a large log that had been felled across the creek during the winter. The log was smooth and slippery and it would have been very easy for anybody to lose his footing while standing on it.

Gymnasium Entertainment.

The entertainment given at the Lincoln high school on Friday evening was a most entertaining one from start to finish, and those who were fortunate enough to be in attendance were well pleased with the show.

There were drills of different kinds by the girls, all of which showed a great deal of careful and conscientious training, while the boys performed athletic feats on the horizontal bar, trapeze and rings. There was a large crowd in attendance and most of those there expressed themselves as being greatly surprised at the work done, not expecting anything so elaborate. The beauty of this part of the work is that the scholars all like it, and enter into the spirit of the thing with an enthusiasm that makes it a pleasure to see them. The gymnasium certainly adds a great deal to the relaxation from ordinary school work and is greatly appreciated by the scholars.

Catches are Small.

Most of the trout fishermen report that there seems to be very few trout in the streams in this locality, and the catches that have been made since the season opened are very small compared with what was done last season. A party consisting of Sam Church, Will Carey, Garry Mason and L. M. Nash that went to Wild Rose the first day caught 127, which was the largest of any body in that neighborhood. Further have visited Chester Creek, Seven Mile, Wakely and Harvey creek, and the catches have been very small, there seeming to be very few fish in the streams.

End Season's Work.

The Ladies Historical and Literary Society held the last meeting for the season last Tuesday evening at the home of Mrs. A. M. Meir. The following officers were elected for the ensuing year:

President—Mrs. O. T. Houghton
Vice Pres.—Mrs. A. M. Meir.
Sec. and Treas.—Mrs. George Courtvaan.

Fined Fifty Dollars.

Roy Stringer, who was charged with jumping a board bill at the Riverside home, had his trial before Justice Brown on Thursday. There was a jury and after hearing all the evidence in the case, they decided that the defendant was guilty. The fine and costs amounted to an even fifty dollars. The case has been appealed to the circuit court.

A Green Town.

The village of Broken is owned by the Wasean Paper Mills Co. Among other things it contains 32 residences. The company has just let a contract for the painting of every house in the village green with white trimmings. The only buildings in the village of a different color will be the club house, the church and the mill. What a field of civic improvement!

Fire at the Dixon House.

Fire was discovered in the roof of the kitchen of the Dixon house about 10:30 o'clock Monday morning and an alarm turned in. The flames had gained very little headway when the department arrived, and were soon extinguished. The damage was nominal.

ADVERTISED LETTERS.

Ladies. Anderson, Alma; Davis, Mrs. B.; Fischer, Mrs. George; Schultz, Mrs. Helen.
Gentlemen. Anna, John; Beard, O. E.; Berlake, Theo.; Ellis, H. T.; Francis, M.; Gullford, Chas. C. (2); Manson & Campbell; Walker, W. W.

Dance at Rossley's.

John Rossley will give a dance at his place on Wednesday evening, May 15, to which the public is cordially invited.

Entertain their Friends

The Knights of King Arthur invited their friends to a social evening at their hall last evening. There was a large number present and a very pleasant time was the result.

DEATH BY DROWNING

Farmer Boy Falls into Mosquito Creek While Fishing and is Drowned.

Frank Kopka, the fourteen year old boy of Mr. and Mrs. A. Kopka, of Sigel, was drowned on Thursday in Mosquito creek near the Paul Zimmerman place. The boy had been fishing there from a log that lay across the stream, and it is supposed that he lost his balance and fell in, and there being no assistance near by was drowned, there being about eight feet of water in the creek where the accident happened.

Frank went with his mother and two other boys of the family that morning to the river opposite Biron, where the other boys worked, and after the other boys had left, Frank and Mrs. Kopka stopped to fish. It seems that the fishing was not very good however, and Frank decided to leave his mother and go to the Mosquito creek to try his luck. This he did quite early in the morning, and that was the last his mother ever saw of him alive.

Mr. Zimmerman saw the boy fishing on the creek that morning, at which time he was standing on a large log that had been felled across the creek during the winter. The log was smooth and slippery and it would have been very easy for anybody to lose his footing while standing on it.

As the boy did not return, Mrs. Kopka decided that he had gone home so she went there also, but was surprised when she found that he had not returned. Later in the day, when the boy failed to show up, a search was started for him, and along toward evening the place where he had been fishing on the log was found, as a part of his fish line was found tangled in the tree overhead. A search was made of the creek below this, a garden rake being employed to drag the bottom, when the body of the boy was brought up. It is supposed that the boy was drowned about ten o'clock in the morning, and his body was not found until about half past seven that night.

Mr. Zimmerman said that he had seen the boy on the creek that morning, at which time he was standing on a large log that had been felled across the creek during the winter. The log was smooth and slippery and it would have been very easy for anybody to lose his footing while standing on it.

Standing Committees.

Finance—A. E. Bennett, P. Mulroy, E. E. Ames, R. H. Schroeder, H. J. Jensen, James B. Nash.
Equalization—E. P. Arpin, P. N. Christensen, O. G. Lindemann, R. E. Schreder, Ed. Provost, A. E. Onig, Wm. F. Houghton.

Removed to Stevens Point.

Frank Boyanowski and family left on Monday for Stevens Point where they expect to make their home. Mr. Boyanowski has severed his connection with the new brewing company recently organized at Stevens Point but intends to engage in the mercantile business there.

The One Perfect Woman.

When the lecturer inquired dramatically, "Can any one in this room tell me of a perfect man?" there was a dead silence. "Has any one," he continued, "heard of a perfect woman?" Then a patient-looking little woman in a black dress rose up at the back of the auditorium:

"There was one. I've heard of her, but she's dead now. She was my husband's first wife."

Arbor Day Friday.

Friday, May 10th, is Arbor Day, and the event will be properly observed by the pupils of the public schools. In some communities the trees are making Arbor Day a general cleaning up event, onto the finishing touches are put, and lawns and grounds to get them in shape for the coming summer.

Ice Cream Social.

The Royal Neighbors will give an ice cream social at the Foster Hall on Thursday, May 9th, from 5 o'clock to 9 o'clock. Ice cream and cake. All cordially invited.

Mr. and Mrs. E. W. Ring of Portland, Oregon, visited friends here several days the past week. They are at present visiting their former home in Pittsville, but expect to return to the west in a few days. Mr. Ring is engaged in logging near Portland, where he has been very successful and is numbered among the big loggers of that state.

May Snow Storm

Early risers were greeted with several inches of snow again this morning, which lasted only a few hours, however.

Federated Clubs Meet

The business meeting of the Grand Rapids Federation of Women's Clubs was held at the M. E. church on May 6. Reports were given on the work accomplished by the various standing committees during the past year and upon work proposed for the coming year. The Art Committee reported through its chairman, Mrs. Houghton, that sixteen pictures had been purchased for the public schools. These were framed by the manual training department of the high school under the supervision of the art instructor and have been placed in the different schools.

Mrs. Youker, chairman of the Library committee, reported the Library work to be in very promising condition. A new furnace is being installed in the library building, hard wood floors are being put in and the walls are being decorated. The interior of the building will present a very attractive appearance when these improvements are complete.

Mrs. MacKinnon gave the report of the City Improvements committee. Much has been done toward making Grand Rapids a cleaner city and the committee offers excellent suggestions for future work.

Mrs. Witter, the retiring president, gave a very concise report of the work of the federation as a whole. The following officers were elected for the coming year:

President—Mrs. Pense.
1st Vice Pres.—Mrs. W. F. Kellogg.
2nd Vice Pres.—Mrs. B. L. Brown.
Secretary—Marlene Johnson.
Treasurer—Mrs. Linn Corvican.

County Board in Session.

The county board met at the court house on Tuesday afternoon at two o'clock, with all but two or three members of the board present.

The first business of the board that was taken up was the election of a chairman, and when a ballot was taken on the matter it was found that Wm. Hooper of Nekosha had received a large majority of the votes cast, getting thirty-four, with only a few scattering ones to other members of the board.

This being about all the business that could be done the first day, as committees had to be appointed before any of the regular routine business was disposed of, an adjournment was taken until two o'clock the afternoon, when the regular business of the board will again be taken up. The indications are that the session of the board will be a short one, as there are no momentous questions to be thrashed out as has been the case in the past.

Drainage of the West Side.

The matter of drainage on the west side was again taken up and considered by the board. In each of the alderman who has an interest in the subject at all, seems to be in a different opinion regarding this matter, and each would like to see it done in a different manner. The city engineer has prepared a plan for the drainage of all the land lying west of the city which will cost approximately \$8000, and it is thought that the scheme would solve the difficulty altogether. The matter was referred to a committee with instructions to look the matter up at once and report at the next meeting of the council.

The sum of \$75 was appropriated to the G. A. R. post for the proper observance of Memorial day.

The matter of widening Vine and Oak streets was brought up and the matter referred to the street committee to see what could be done in the matter.

The matter of the purchase of park site up the river was brought up by the mayor and a motion to reconsider the matter was made by one of the aldermen, but upon being voted upon was lost.

Alderman Jackson was elected president of the council.

The council proceedings and other city matter to be published in all the city papers.

The First National Bank was chosen for the city depository, their bid being the lowest.

The matter of hiring a street commissioner to look after all the streets of the city was taken up and after all the streets of the city were taken up and after considerable discussion it was decided to hire a street commissioner for thirty days and see what the result would be, wages for same not to exceed \$2.50 per day.

There were also a number of bills allowed, after which the council adjourned.

Bargains in Bicycles at Day's.

The Racycle, the first wheel on earth. Day's sells them on the installment plan.

F. Beadle THE HANDY MAN

Will frame your pictures, repair and upholster your furniture, file saws, and do all kinds of job work on short notice.

GIVE HIM A CALL.

Back of Sam Church's Drug Store, On Third Avenue

ALL NIGHT SESSION.

City Fathers are Kept at Their Work until after Twelve by the Volume of Business.

The city council met in regular session last night with Mayor Whelan presiding. The session was a long one, there being considerable business to be disposed of before adjournment.

The minutes of the previous meeting were read and a correction made in same so that Alderman Strick was made chairman of the street committee as announced by the mayor at the last meeting.

Three bids were received for the heating plant to be installed in the library building, they being from G. W. Pernell, J. R. Bailey and the Central Hardware Co. Each then submitted a bid but they were all different and there was considerable difference in the amount of radiation included in each bid, so that the council was unable to decide on a bid which was the lowest, and as a consequence the matter was referred back to the committee having the matter in charge with instructions to go into the matter thoroughly and discover which bid was the most desirable.

Peter McCauley, superintendent of poor, made his report for the past year, which showed that the amount spent for the support of poor during the past year in the city was just forty five dollars.

There was a petition presented from a number of the residents of Third street asking that two more street lights be put in on that street and arranged that the street will be properly lighted. The petition was granted.

There was a petition from the Women's Federated clubs asking that a sewer system be extended to the Irving school and that the sidewalk, in the place leading to that school. The matter was referred to the proper committees.

There was also a petition from the Federated clubs asking that the council reconsider its determination to build a fire engine house on the premises which the ladies have asked for a park. This matter was also referred to a committee.

The matter of drainage on the west side was again taken up and considered by the board. In each of the alderman who has an interest in the subject at all, seems to be in a different opinion regarding this matter, and each would like to see it done in a different manner. The city engineer has prepared a plan for the drainage of all the land lying west of the city which will cost approximately \$8000, and it is thought that the scheme would solve the difficulty altogether. The matter was referred to a committee with instructions to look the matter up at once and report at the next meeting of the council.

The sum of \$75 was appropriated to the G. A. R. post for the proper observance of Memorial day.

The matter of widening Vine and Oak streets was brought up and the matter referred to the street committee to see what could be done in the matter.

The matter of the purchase of park site up the river was brought up by the mayor and a motion to reconsider the matter was made by one of the aldermen, but upon being voted upon was lost.

Alderman Jackson was elected president of the council.

The council proceedings and other city matter to be published in all the city papers.

The First National Bank was chosen for the city depository, their bid being the lowest.

The matter of hiring a street commissioner to look after all the streets of the city was taken up and after all the streets of the city were taken up and after considerable discussion it was decided to hire a street commissioner for thirty days and see what the result would be, wages for same not to exceed \$2.50 per day.

There were also a number of bills allowed, after which the council adjourned.

Levanowski-Kopka.

Storo Levanowski and Miss Juana Kopka, both of the town of Sigel, were married on Monday at the Catholic church in Sigel at ten o'clock, Rev. J. M. Koryzyk of this city officiating.

Both of the contracting parties are well known in the town of Sigel, where they have many friends to wish them success on their journey thru life. They will make their home on the west side in this city, the groom being employed at the Consolidated plant.

Bargains in Bicycles at Day's.

The Racycle, the first wheel on earth. Day's sells them on the installment plan.

F. Beadle THE HANDY MAN

Will frame your pictures, repair and upholster your furniture, file saws, and do all kinds of job work on short notice.

GIVE HIM A CALL.

Back of Sam Church's Drug Store, On Third Avenue

Sulphite Mill Starts up

The new sulphite plant of the Port Edwards Paper Co., which has been in course of construction during the past winter, was started up on Wednesday of last week and has shown in successful operation. The mill has a capacity of about sixty tons of sulphite a day, which is the largest in this vicinity. There are three digesters of about ten tons capacity each.

The record made in the building of this plant is quite a remarkable one, as it was not started until the middle of last summer, and much of the work was done during the winter, at a time when the workmen were working at a decided disadvantage. The plant is a very imposing structure and increases the manufacturing output at Port Edwards very materially.

Death of Mark Buchinski.

Mark Buchinski, one of the old residents of the town of Seneca, died on Sunday from an attack of pneumonia. He had been a sufferer from pneumonia for a number of years, and when taken with pneumonia it was impossible to do anything for him. He was sixty years of age and had been a resident of the town for the past sixteen years. He is survived by his wife and seven children, the latter being, Mrs. J. M. Farland of Milwaukee, Mrs. J. R. Stannisky of the town of Seneca, Stephen, who resides in this city, and John, Joseph, Mary and Martha, who live at home.

The funeral was held on Tuesday from the Polish Catholic church in this city, Rev. J. M. Koryzyk officiating.

Stock Fair Tuesday.

The regular monthly stock fair will be held in this city on Tuesday, May 14th, and farmers and others interested are notified to sit up and take notice.

Manager John Bell reports that there is an unusual demand for young pigs just now, also that sheep and hogs will find a ready market. Those who have horses and cows to trade or sell are requested to be on hand with the goods.

WANT COLUMN.

ADVERTISEMENTS will be published in this column at the rate of 1 cent a word, and taken for less than 10 cents. If the advertiser wishes to order a special rate, by the word column.

AERO CLUB.

RES CATCH
VER.
Preliminary
in Race
The Aero Club of America sought a suitable location for the contest. They had mapped out a big trip through the Mississippi Valley and Western country, but upon reaching St. Louis they found conditions so favorable that they closed arrangements for the balloons to start from a field in Forest Park, the city's great pleasure ground, situated conveniently near a gas tank of the Laclede Gas Light company.

They found St. Louis so far removed from mountains and all large bodies of water that it affords an ideal field for ballooning, offering an immense stretch of space over which the airships can pass with very little danger. They also found that the upper air currents of St. Louis were almost invariably from southwest to northeast, so that 1,500 to 2,000 miles can be

traversed before the ocean is reached and without encountering any mountains. Furthermore, the coal used at St. Louis proved the best for ballooning purposes that they had ever tested. Under the supervision of E. G. Cowdery, vice president of the Laclede Gas Light company, the balloon Orient in which A. R. Hawley and J. C. McCoy made a trial trip, was filled in record time.

When it became apparent that St. Louis was to be chosen for the balloon race, James L. Smith, president of the Business Men's league, the organization which had conducted the preliminary negotiations and which had agreed to assume responsibility for making all arrangements for the race, was not about having an organization formed to take charge of the affair and raise the necessary funds. The Aero club of St. Louis is the result.

USED TO BE.
USE AT PHILADELPHIA.
RESTORED.
Where Yeoman Progress
Find
The house, no doubt, like all the others, dates from the time of Frederick the Great, and it is claimed that it is the oldest of the "King of Prussia" houses. It has been said that it was built about 1749-50, and that it was in 1783, about the time of his later victories, that it was converted into an inn and named King of Prussia in honor of Frederick the Great.

But still another historian contends that it was standing, and was used as an inn, much earlier than this, and that it is the oldest of the "King of Prussia" houses. It has been said that it was built about 1749-50, and that it was in 1783, about the time of his later victories, that it was converted into an inn and named King of Prussia in honor of Frederick the Great.

These two pretty sleeves are suitable for making in almost any dress material. No. 2 is three-quarter length; it has a tight fitting. The upper part, which is full, is gathered at each edge and fixed to the lining; the lower part is tight, and at the wrist is finished with a buttoned strap and a lace ruffle. The top is cut in tabs that are piped round with velvet and fixed up over the left by buttons.

No. 3 terminates at the elbow; the lower tab that is cut in with the upper part is stitched round, and is ornamented with three velvet-covered buttons. A band of galloon, a silk pleating, and a lace ruffle form a finish.

King of Prussia Inn.
the city. Where four persons went together they were allowed the price of going to Germantown for 12 shillings and six pence.

A Reminder.
Winks—Hello! Been away?
Mink—Only for a day. I ran down to the Jersey shore to see how my cotage was faring in the storm. Did you ever see the sea in a storm?
Winks—By George! That reminds me. I must hurry into that store before it shuts up. I had nearly forgotten an errand which I promised to do for my wife. If I don't tend to it, there'll surely be a storm—N. Y. Weekly.

The Bane and the Antidote.
Gabe Goshall (on the southeast corner of the drygoods block)—It must be 'turbled' be' ketchet out in a brain-storm.
Hil Homlock (on the southwest corner of the drygoods block)—W-y, all a feller'd hev 't 'd 'ud be 't 'h'at one of them 'paranots, an' 'h'et never know 'twas rainin'—Puck.

MATTERS FEMINE.

USEFUL BOOK-REST

WILL BE ESPECIALLY VALUABLE TO THE INVALID.

Good Also for Those Who Like to Read and at the Same Time—Directions for Making.

This sketch presents an excellent idea for making a book-rest, and it would prove a very useful present to those who like to read and at the same time; or for an invalid to whom the holding of a heavy book is very trying, and often, in fact, strictly forbidden. For the ground work, take a piece of board about one-half inch thick, 12 inches long, and six inches broad; cover it on the upper side with broad cloth, carrying the material over the edges and gluing it down underneath, where a sheet of brown paper should be pasted over the entire surface to make it quite neat. Next cut a strip of tin three-eighths of an inch wide and 20½ inches long. Cut it bent in two places to form the rest for the book, so that the two end spaces measure four and one-half inches, and give the uprights, and the

rest falling backwards when the book is in position.

The diagram gives the back view, which shows that provision has been made for the support of very heavy books, as under the board at the back are nailed two strips of tin, their points facing towards the front; and these can be turned round and out at the back when required. These should be painted, as if covered they would not lie flat under the board.

top; small pink and white feed cakes. If the day is warm coffee is to be served on the flower trimmed porch, afterwards a walk is to be taken in the nearby woods. This is a gentle hint to suburban people to entertain their city friends during this glorious month, when "Mother Nature" is waiting to receive her children in all the radiance of her prairie spring glory.

A Dinner for May Day.
This can be made a delightful occasion. Write the invitations and place each one in a tiny basket, with a flower and bit of green. Have them delivered by hanging on the doorknob, the messenger ringing the bell to be sure they are received. This restores the old and pretty custom of tying to the doorknob a May basket filled with flowers and perhaps a tiny gift, then hastening out of sight before the door was opened. Of course the most suitable centerpiece is a Maypole or a large gilt basket filled with flowers. To choose partners for any entertainment, scheme the hostess may have in mind, make a "tulip bed." Fill a shallow wooden box with sawdust or sand; cover with green crepe paper and place on a tablecloth or table. Then make real tulips out of crepe tissue paper if the real ones are not procurable and expense cuts no figure. On the end of each wire stem place the half of some well-known quotation, or the title of some book. When the quotation is made whole, or the author of a book found, the couples are ready to proceed; the flowers should be pulled first by a lady, then a gentleman. On one of the tulips there will be a crown drawn and the person who "gathers" it will be adorned with a laurel wreath, representing the author of a book. A man should exchange with a lady if he draws the crown. Have some one read Tennyson's "To be Queen of the May," or "Call Me Early, Mother Dear."

An Apple Blossom Luncheon.
On apple-blossomed cards the invitations for a May luncheon will be sent out tomorrow. It is an informal affair, but very delightful. The hostess is fortunate to live in a suburb where fruit trees are plentiful, and recognizing the fact that nothing is so appropriate as what the season and nature provides, she will make her house a dream of beauty by hanging white candles to partake of this tempting luncheon: Celery soup, crown roast of lamb, new peas and potatoes, hot rolls, tomatoes stuffed with sweetbreads, capped by mayonnaise; for dessert, maple mousse in white boxes with a spray of apple blossoms on the

GOOD IN ANY MATERIAL. ONE-PIECE GOWN REIGNS.
Season's Summer Fabrics to Form Dreams of Beauty.

The lingerie robe promises to have an unprecedented success this season. It is almost invariably a one-piece frock. It may not be what one would call strictly a princess gown, for after the waist line is definitely marked by rows of insertion, sometimes forming a corset effect. The one-piece frock is found in all summer fabrics for anything that is intended to be a little dressier than the tailored skirt and chemise suit.

Many a tree has such a gaping wound as that shown in A, Fig. 5. It is caused by gnawing of the limb, and neglecting to protect the wound until nature could extend a new growth of bark over it. The new bark has begun to grow about the edges, but the wood has decayed within, and nature can carry growth of bark no farther.

Out on all the decayed wood, and fill the cavity completely with portland cement mixed with water. Do not add sand. Fill the cavity and press the cement close to the new bark (B, Fig. 5) that forms the limb from and runs up through the trunk of the tree, and opening for air and water to enter. The life of a tree can be prolonged for many years by such aid as this.

SEEDLINGS.
Be prepared to adopt the valuable practical advice which is given so freely by neighbors and practical fruit growers.

Let the beginners commence moderately and go slow. Small-trunked growing cannot be learned in a month or a year.

Don't throw forks carelessly on the floors of passageways in barns. That is a sort of carelessness that may almost be classed as criminal.

Sheikbark hickory auto's make exceedingly fine trees, and when planted from seed come into bearing at 13 to 15 years of age.

The Ben Davis is one of the safest varieties of apple trees to set out. It does not pay to plant garden stuff on ground that is not well drained.

The New Kind.
There is some good advice that might be given regarding the selection of new varieties of fruits and other products of the farm. It is all right to keep one's eyes open for something new which promises to be of merit. Only in this way can the farmer keep up to date in the matter of selecting the crops that he grows.

Too Severe Pruning.
Too severe pruning of apple trees should not be permitted, as it frequently gives a shock to an old tree. The younger the tree the better it will stand being severely pruned. If the soil is very rich and the water supply good the trees will stand more severe pruning than they would otherwise.

A Stone House is not so durable as one of brick. A brick house, well constructed will outlast one built of granite.

Novel Pin cushion.
A China-headed doll; three-quarters of a yard of any ribbon; one yard of bebe ribbon and a skein of silk to match; a packet of needles, also a pair of scissors, to be found in most places. Cut the strips of Gannet silk narrower than the ribbon—two strips twice the length of doll and one a little longer—fold in half and cut holes large enough to pass over doll's

True to Her Sex.
Tom—Miss Peach has a secret which she has that I can't understand. Jack—Oh, don't let that worry you. She won't keep any more than any other secret—Chicago Daily News.

HORTICULTURE.

THE INJURED TREE.

Methods of Treatment to Insure Their Protection and Preservation.

It is the part of wisdom to be able to administer first aid to the injured tree, as well as the more permanent aids. One of the most common of these is the splitting down of a limb, as suggested in accompanying illustration, Fig. 1.

If the limb is not broken wholly off—if there is still left a connecting link of sound wood, and of sound bark, the limb can, with care, be saved. This will often save the beauty of the tree. With as little delay as possible shorten all the small branches of the limb, to make their weight as little as possible, then carefully lift the broken limb back into position, and lash it firmly with ropes or straps.

Now with a bit, or auger, bore a hole through the limb and tree trunk as suggested by the dotted line in Fig. 1.

The diagram gives the back view, which shows that provision has been made for the support of very heavy books, as under the board at the back are nailed two strips of tin, their points facing towards the front; and these can be turned round and out at the back when required. These should be painted, as if covered they would not lie flat under the board.

Grand Rapids Tribune
BY DRUM & SUTOR.
Grand Rapids, Wis., May 8, 1907
Entered at the Post Office at Grand Rapids, Wis., as second-class mail matter.
SUBSCRIPTION RATES.
One Year \$1.50
Six Months75
Advertising Rates.—For display matter a flat rate of 10 cents an inch is charged. The columns in the Tribune are 24 inches long, making a one column advertisement cost \$2.40 for one insertion. All local notices, cards of thanks, resolutions of respect, and all notices of entertainment, where an advertising fee is charged, will be published at 5 cents per line.

THE TIMBER SUPPLY.
Three Times as Much Timber Used Each Year as the Forest Grows.
Every person in the United States is using over six times as much wood as he would use if he were in Europe. The country is a whole consumer of timber. Between three and four times more wood than all of the forests of the United States grow in the meantime. The average acre of forest lays up a store of only 10 cubic feet annually, whereas it ought to be laying on at least 30 cubic feet in order to furnish the products taken out of it. Since 1880 more than 700,000,000,000 feet of timber have been cut for lumber alone, including 80,000,000,000 feet of coniferous timber in excess of the total coniferous stumpage estimate of the Census in 1880.

Sale of State Lands.
The state will sell at public auction at Merrill on June 12, 10,000 acres of land in the northern part of Lincoln county. It is part of the timber forest preservation grants to the state by the federal government. The proceeds of the sale will be devoted to buying land adjoining the large reservations.

These lands are timbered and are scattered and there is no tract of any considerable size," says State Forester Griffith. Lincoln county is too far from the Wisconsin river to be the preservation of the stream flow, which is the particular object of the forest reserve on that river.

"There are 25 descriptions of lands to be sold, most of these forty-acre tracts, some below. The appraised value of the timber and land is \$100,000, or an average of \$11.25 per acre.

We can buy the lands we want joining our forest reserve on the headwaters of the Wisconsin river—mostly cut-over lands—for about \$1 an acre. In the same way we sell agricultural lands inside of our forest reserve, lands because we want to encourage settlers in Northern Wisconsin, and because it will bring there a class of men whose interests are our interests and whose clearings will make fire breaks for the forest reserve while we will sooner or later be able to furnish them work the year around. These sales are in line with the policy of the forestry commission to consolidate its holdings on the Wisconsin waters of the Northern Wisconsin rivers and to cover its agricultural lands with settlers who will assist in the work of the commission and in the preservation of the forests from fire.

On the Laxative Print Syrup is best for women and children. Its mild action and pleasant taste make it a desirable remedy for constipation, such as piles, tablets, etc. Get the booklet and a sample of Orano at Daily Drug & Jewelry Co.

Wants Convicts to Work on Roads.
Rolling Prairie has an agricultural philosopher who contributes to the papers published in nearby towns. In a recent number of The Dodge County Citizen he thinks he has solved the problem of roads, roads, roads.

"Empty that state prison and give us good roads. Put a Pullman sleeper and a dining car onto the public highway to home and feed the prisoners, and put them at work making good roads. That does away with the complaint of the shoe, furniture and other trades, that they are ruining their industries. It gives the prisoners healthy outdoor exercise in the open air and sun. This solves the question of what to do with the prisoners, that they may not be brought into competition with industry and trades, and that the poor man is dependent for the support of himself and family. Everybody wants good roads and hates to be called upon to work, or pay tax for their construction. The county prisoners and idle tramps may be utilized in road construction, making useful people of the vicious and disorderly who have been a burden to the community."

The warning of Railroad Commissioner Barnes, that the country will come eventually to public ownership of railroads, unless the interest of the public is to the more significant because of Mr. Barnes' reputation for conservative, careful statement. He is no alarmist. He is a reformer who knows just what he is about. As chairman of the railroad commission he wrote most of the recent decisions establishing a 2 1/2 cent rate in Wisconsin. He is opposed to government ownership, but he makes it plain that the country will be driven to it unless there is efficient public regulation of the roads.—La Crosse Leader-Press.

WHY SO WEAK?
Kidney Trouble May Be Suffering Your Life Away.
Grand Rapids People Have Learned This Fact.
When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Mrs. Joseph George of 6 Park Ave., Janesville, Wis., says:
"Dull aching and pain in the loins often extended around to my sides and there seemed to be no relief from the misery it brought me. Sometimes I was actually unfit for work. Used stimulants and hot applications and tried various remedies but all the time I was growing weaker. Finally I saw Doan's Kidney Pills recommended in our papers and got a box at a drug store. They gave me some relief almost instantly and in a few days after taking the first dose the backache and misery left me. I gained and since then have had no return of the trouble."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Not as Rich as Rockefeller.
If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera, and Diarrhoea Remedy. The most expert physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by Daily Drug & Jewelry Co.

Ed. Olack will plant twenty acres of cabbage this year, which is a great deal more than he planted last year. He shipped all he raised last year, and brought all the farmers had to sell for which he realized good profits, a Kansas City cabbage house stating that the cabbage received from Pittsville was superior to that shipped to them from the Racine district. This goes to show that cabbage can be raised to good advantage around Pittsville and as Mr. Olack will enlarge his warehouse before the time for storing cabbage he will be ready to handle all the farmers raise. It is expected that a large amount of cabbage will be shipped from Pittsville the next season.

Mr. and Mrs. A. V. Anstie are rejoicing over the arrival at their home of a fine eight-pound baby girl.

Let me mail you free to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Address: Dr. Shoop, Racine, Wis. "Problems of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the Result of your ailment and not the Cause. Weak Stomach nerves—the inside nerves—must be strengthened, always. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the inside nerves. Also for treating weakness, bad breath, indigestion, use Dr. Shoop's Restorative. Write for my free Book now Dr. Shoop's Restorative sold by Wood Co. Drug Co.
